God is Good & Great
Follow-Up Questions/Activities

Read Psalm 145: encourage different people in the group to read out verses.

Give people a few minutes to consider the following:

- Which effect of God's greatness and goodness described in this Psalm surprises you. Why?
- Reflect on a time when you have 'tasted' God's greatness and goodness at the same time. What is one way it impacted you?
- Think about your close relationships. Do you tend to put more trust in people have proven their greatness or their goodness to you? Why?

Encourage people to share their thoughts/stories.

Reflection (each person will need a piece of paper and a pen)
Ask people to consider what is challenging them in life right now? In quietness, encourage them to invite the Holy Spirit to give them grace to give thanks and to see God's greatness and goodness in this situation. Encourage them to list as many things in this situation that they can choose to be thankful for.

If people find this difficult, get them to list things they see God doing in their life generally.

Depending on your group:

- Pray prayers of thanksgiving together
- Share in 2s/3s the areas of difficulty people are confronting. Pray for each other, and in particular that God would reveal His goodness and greatness.
