

We dream of a church

Where people are truly loved, valued and accepted;
where there is safety and security for people to try;
where lives are rescued, restored and given hope;
where God's presence flourishes in the simple and non-religious;
where fun and laughter are mixed with tears and mourning, expressed with sensitivity;
where genuine priesthood and participation are nurtured and applauded;
where God's Kingdom is present in the lives of everyone, and people are equipped to demonstrate it
wherever they are and go;
where performance is replaced by reality and truth;
where true community is experienced - all of the time;
where judgment is left to God who is fair, just and true;
and our place is to build, encourage, comfort and exhort with an attitude of grace;
where a lost and aimless people want to be, even if they are not sure why;
where the place of leaders is to recognise what God is doing and saying and to help provide an
environment for everyone to respond and succeed;
where it is acknowledged that victory can be overcoming trials and difficulties, whatever the outcome;
where all are genuinely respected and treated as equal, celebrating our incredible status in God;
where boundaries between streams and denominations blur to the extent that in every town and city
there is only one church.

We dream of a church where Jesus of the bible truly reigns as King;
and His followers are dedicated to making Him the centre of their lives, hopes and dreams;
because Jesus is our Hope and the Anchor for our souls.

He is our security and the firm base for our lives to be built...together.
